

## Reporting Standard GRS 460.1

# Exposure Analysis by Reinsurance Counterparty

### Objective of this Reporting Standard

This Reporting Standard sets out the requirements for the provision of information to APRA relating to a general insurer's exposures to reinsurance counterparties.

It includes *GRS 460.1 Exposure Analysis by Reinsurance Counterparty* and associated specific instructions and must be read in conjunction with the general instruction guide.

### Authority

1. This Reporting Standard is made under section 13 of the *Financial Sector (Collection of Data) Act 2001*.

### Purpose

2. The information reported to APRA under this Reporting Standard is used by APRA for the purpose of prudential supervision.

### Application and commencement

3. This Reporting Standard applies to all general insurers authorised under the *Insurance Act 1973* (insurers). This Reporting Standard applies for reporting periods ~~commencing~~ending on or after 1 July 2023.

### Information required

4. An insurer must provide APRA with the information required by this Reporting Standard for each reporting period.

### Method of submission

5. The information required by this Reporting Standard must be given to APRA:
  - (a) in electronic format using an electronic method available on APRA's website; or
  - (b) by a method notified by APRA prior to submission.

## Reporting periods and due dates

6. Subject to paragraph 7, an insurer must provide the information required by this Reporting Standard in respect of each financial year of the insurer.
7. If, having regard to the particular circumstances of an insurer, APRA considers it necessary or desirable to obtain information more or less frequently than as provided by paragraph 6, APRA may, by notice in writing, change the reporting periods, or specify reporting periods, for the particular insurer.
8. The information required by this Reporting Standard in respect of an insurer must be provided to APRA:
  - (a) in the case of annual information, within three months after the end of the reporting period to which the information relates; or
  - (b) in the case of information provided in accordance with paragraph 7, within the time specified by notice in writing.
9. APRA may, in writing, grant an insurer an extension of a due date in paragraph 8, in which case the new due date will be the date on the notice of extension.

*Note:* For the avoidance of doubt, if the due date for a particular reporting period falls on a day other than a usual business day, an insurer is nonetheless required to submit the information required no later than the due date.

## Quality control

10. All information provided by an insurer under this Reporting Standard must be subject to systems, processes and controls developed by the insurer for the internal review and authorisation of that information. It is the responsibility of the Board and senior management of the insurer to ensure that an appropriate set of policies and procedures for the authorisation of data submitted to APRA is in place.
11. As a result of *Insurance (exemption) determination No. ~~1/17~~* of 2023, the Appointed Auditor of an insurer is not ordinarily required to audit, or provide a certificate in relation to, information provided by the insurer under this Reporting Standard.

## Authorisation

12. When an officer, or agent, of an insurer provides the information required by this Reporting Standard using an electronic format the officer, or agent, must digitally sign the relevant information using a digital certificate acceptable to APRA.
13. If the information required by this Reporting Standard is provided by an agent who submits the information on the insurer's behalf, the insurer must:
  - (a) obtain from the agent a copy of the completed information provided to APRA; and
  - (b) retain the completed copy.
14. An officer, or agent, of an insurer who submits the information under this Reporting Standard for, or on behalf of, the insurer must be authorised by either:

- (a) the Principal Executive Officer of the insurer; or
- (b) the Chief Financial Officer of the insurer.

## Variations

15. APRA may, by written notice to the insurer, vary the reporting requirements of this Reporting Standard in relation to that insurer.

## Transition

16. An insurer must report under the old reporting standard in respect of a transitional reporting period. For these purposes:

***old reporting standard*** means the reporting standard revoked in the determination making this Reporting Standard; and

***transitional reporting period*** means a reporting period under the old reporting standard:

- (a) which ~~commenced~~ended before 1 July 2023; and
- (b) in relation to which the insurer was required, under the old reporting standard, to report by a date on or after the date of revocation of the old reporting standard.

*Note:* For the avoidance of doubt, if an insurer was required to report under an old reporting standard, and the reporting documents were due before the date of revocation of the old reporting standard, the insurer is still required to provide any overdue reporting documents in accordance with the old reporting standard.

## Interpretation

17. In this Reporting Standard:

- (a) unless the contrary intention appears, words and expressions have the meanings given to them in *Prudential Standard GPS 001 Definitions* (GPS 001); and
- (b) the following definitions are applicable:

***Appointed Auditor*** means an auditor appointed under paragraph 39(1)(a) of the Insurance Act;

***APRA*** means the Australian Prudential Regulation Authority established under the *Australian Prudential Regulation Authority Act 1998*;

***Chief Financial Officer*** means the chief financial officer of the insurer, by whatever name called;

***financial year*** means the financial year (within the meaning in the *Corporations Act 2001*) of the insurer;

***general instruction guide*** refers to the general instruction guide set out in Attachment A of GRS 001;

***general insurer*** means a general insurer authorised under the *Insurance Act 1973*;

**Group Auditor** has the meaning given in GPS 310;

**insurer** means a general insurer within the meaning of section 11 of the *Insurance Act 1973*;

**Level 2 insurance group** is defined in Attachment D of GPS 001;

**Principal Executive Officer** means the principal executive officer of the insurer, by whatever name called, and whether or not he or she is a member of the governing board of the insurer;

**regulated institution** is defined in GPS 001 as a collective term for general insurers and Level 2 insurance groups; and

**reporting period** means a period mentioned in paragraph 6 or, if applicable, paragraph 7.

18. Unless the contrary intention appears, a reference to an Act, Prudential Standard, Reporting Standard, Australian Accounting or Auditing Standard is a reference to the instrument as in force from time to time.

# Reporting Standard GRS 460.1

## Exposure Analysis by Reinsurance Counterparty

### General instructions

These instructions assist completion of *Reporting Standard GRS 460.1 Exposure Analysis by Reinsurance Counterparty* (GRS 460.1). GRS 460.1 collects information relating to the impact on the capital base and each component of the prescribed capital amount of a [general insurer regulated institution](#) due to a reinsurance counterparty failure.

These instructions must be read in conjunction with the general instruction guide.

### Reporting tables

Tables described in this reporting standard list each of the data fields required to be reported. The data fields are listed sequentially in the column order that they will appear in the reported data set. Constraints on the data that can be reported for each field have also been provided.

Any specific combination of values in a table must not appear on more than one row in that table when reported.

### Audit matters

As a result of *Insurance (exemption) determination No. ~~LFX~~* of 2023, the Appointed Auditor of a general insurer is not required to audit, or provide a certificate in relation to, information provided by a general insurer under GRS 460.1. Under *Prudential Standard GPS 310 Audit and Related Matters* (GPS 310), the Group Auditor of a Level 2 insurance group is not required to provide a limited assurance review in relation to information provided by the parent entity of a Level 2 insurance group under *Reporting Standard GRS 460.1.G Exposure Analysis by Reinsurance Counterparty (Level 2 Insurance Group)* (GRS 460.1.G). APRA, however, may exercise its power under GPS 310 to require the Appointed Auditor or Group Auditor to undertake a special purpose review of the systems, processes and controls surrounding the completion of GRS 460.1 and GRS 460.1.G, or the data contained within GRS 460.1 and GRS 460.1.G.

### Supplementary information

The [general insurer regulated institution](#) must ensure that any underlying calculations and assumptions used to complete GRS 460.1 are made available to APRA upon request from the [regulated institution general insurer](#)'s responsible supervisor.

### Definitions

Terms highlighted in bold italics indicate that the definition is provided in these instructions.

## A

<b>APRA counterparty grade</b>	The counterparty grade of 1 to 7 in accordance with <i>Prudential Standard GPS 001 Definitions</i> (GPS 001).
<b>Asset Concentration Risk Charge (ACRC)</b>	This is the risk charge determined under <i>Prudential Standard GPS 117 Capital Adequacy: Asset Concentration Risk Charge</i> .
<b>Asset Risk Charge</b>	This is the risk charge determined under <i>Prudential Standard GPS 114 Capital Adequacy: Asset Risk Charge</i> .

## C

<b>Capital coverage</b>	This is the <u>general insurer's regulated institution's</u> capital base, determined under <i>Prudential Standard GPS 112 Capital Adequacy: Measurement of Capital</i> , divided by its prescribed capital amount, determined under <i>Prudential Standard GPS 110 Capital Adequacy</i> .
<b>Counterparty domicile</b>	For a subsidiary, the domicile is where the counterparty is legally incorporated. For a branch, the domicile is where the counterparty (branch) is located. Where relevant, the <b>counterparty domicile</b> must be reported as stated on the <u>country code list</u> . <del>reinsurer identifier list. If the counterparty is not on the reinsurer identifier list, report the domicile using the domiciles listed in Appendix 1.</del>
<b>Counterparty group name</b>	The name of the group to which the counterparty to the reinsurance exposure belongs. Where relevant, the <b>counterparty group name</b> must be reported as stated on the <b>reinsurer identifier list</b> .
<u><b>Country code</b></u>	<u>This means the two-letter country code as assigned by the ISO 3166 Maintenance Agency to a country defined under the International Organization for Standardization's International Standard ISO 3166. The ISO 3166 Maintenance agency maintains a free online database of country codes, available at <a href="https://www.iso.org/iso-3166-country-codes.html">https://www.iso.org/iso-3166-country-codes.html</a>.</u>

## G

<b>Group domicile</b>	The domicile where the group owning the counterparty is legally incorporated. <del>If the counterparty does not belong to a group, leave this column blank.</del> Where relevant, the <b>group domicile</b> must be reported as stated on the <u>country code list</u> . <del>reinsurer identifier list.</del>
-----------------------	--

## I

<b>Insurance Concentration Risk Charge (ICRC)</b>	This is the risk charge determined under <i>Prudential Standard GPS 116 Capital Adequacy: Insurance Concentration Risk Charge</i> .
<b>Insurance Risk Charge</b>	This is the risk charge determined under <i>Prudential Standard GPS 115 Capital Adequacy: Insurance Risk Charge</i> .

## N

<b>Name of counterparty (reinsurer)</b>	The legal name of the counterparty to the reinsurance exposure. <del>Where relevant, use the name of counterparty as stated on the reinsurer identifier list.</del>
---	---

## O

<b>OCL surplus / deficit</b>	This is the net liabilities for incurred claims determined under <i>Australian Accounting Standard AASB 17 Insurance Contracts</i> (AASB 17) in surplus or deficit to the net outstanding claims liabilities determined under <i>Prudential Standard GPS 340 Insurance Liability Valuation</i> (GPS 340).
<b>Operational Risk Charge</b>	This is the risk charge determined under <i>Prudential Standard GPS 118 Capital Adequacy: Operational Risk Charge</i> .

## P

<b>PL surplus / deficit</b>	This is the net liabilities for remaining coverage determined under AASB 17 in surplus or deficit to the net premiums liabilities determined under GPS 340.
-----------------------------	---

## R

<b>Reinsurer identifier</b>	The unique identifier for the counterparty reported in <i>name of counterparty (reinsurer)</i> . Where relevant, the <i>reinsurer identifier</i> must be reported as stated on the <i>reinsurer identifier list</i> .
<b>Reinsurer identifier list</b>	This is a list of reinsurers which includes the name of the counterparty, <i>counterparty domicile</i> , <i>counterparty group name</i> and <i>group domicile</i> <del>that must be used for reporting on GRS 460.1 and GRS 460.1.G</del> . The list is located on APRA's website.

## T

<b>Total impact on Asset</b>	Report the change in the <i>Asset Concentration Risk Charge (ACRC)</i> due to the failure of the reinsurer reported in <i>name of counterparty (reinsurer)</i> . A <del>general insurer regulated institution</del> must consider
------------------------------	---

<b>Concentration Risk Charge</b>	whether any existing ACRC due to the reinsurer reported in <b><i>name of counterparty (reinsurer)</i></b> is decreased due to its failure. A <a href="#">general insurer regulated institution</a> must also consider whether there is a change in the ACRC (either an increase in an existing ACRC or a new ACRC) due to a decrease in capital base from the failure of the reinsurer reported in <b><i>name of counterparty (reinsurer)</i></b> .
<b>Total impact on Asset Risk Charge (after aggregation formula)</b>	Report the change in the <b><i>Asset Risk Charge</i></b> due to the failure of the reinsurer reported in <b><i>name of counterparty (reinsurer)</i></b> . The amount reported must be after the aggregation formula in <i>Prudential Standard GPS 114 Capital Adequacy: Asset Risk Charge</i> is applied. A <a href="#">general insurer regulated institution</a> may estimate this by applying the percentage of the aggregated risk charge components to the sum of the risk charge components on <i>Reporting Standard GRS 114.0 Asset Risk Charge</i> or <i>Reporting Standard GRS 114.0.G Asset Risk Charge (+G)</i> for a Level 2 insurance group. In addition, a <a href="#">general insurer regulated institution</a> may use simplifying assumptions as long as those assumptions do not have a material impact on the overall <b><i>capital coverage</i></b> outcome.
<b>Total impact on capital base</b>	Report the decrease in capital base, after tax where applicable, due to the failure of the reinsurer reported in <b><i>name of counterparty (reinsurer)</i></b> . This accounts for changes resulting from the loss of the reinsurer on a <a href="#">general insurer's regulated institution's</a> net outstanding claims liabilities and net premiums liability. This will include any change in the <b><i>OCL surplus / deficit</i></b> and <b><i>PL surplus / deficit</i></b> .
<b>Total impact on Insurance Concentration Risk Charge</b>	Report the increase in the <b><i>Insurance Concentration Risk Charge (ICRC)</i></b> due to the failure of the reinsurer reported in <b><i>name of counterparty (reinsurer)</i></b> . This must consider the impact on each component of the ICRC (if applicable) and the current ICRC of the insurer. A <a href="#">general insurer regulated institution</a> may use simplifying assumptions as long as those assumptions do not have a material impact on the overall <b><i>capital coverage</i></b> outcome.
<b>Total impact on Insurance Risk Charge</b>	Report the increase in <b><i>Insurance Risk Charge</i></b> due to the failure of the reinsurer reported in <b><i>name of counterparty (reinsurer)</i></b> . This takes into account the impact on the OCL and PL risk charges as a result of the impact of a reinsurer failure on the net outstanding claims provisions and net premiums liabilities. A <a href="#">general insurer regulated institution</a> may use simplifying assumptions as long as those assumptions do not have a material impact on the overall <b><i>capital coverage</i></b> outcome.
<b>Total impact on Operational Risk Charge</b>	Report the increase in the <b><i>Operational Risk Charge</i></b> due to the failure of the reinsurer reported in <b><i>name of counterparty (reinsurer)</i></b> . A <a href="#">general insurer regulated institution</a> may use simplifying assumptions as long as those assumptions do not have a material impact on the overall <b><i>capital coverage</i></b> outcome.
<b>Total impact on prescribed capital amount</b>	Report the total change in prescribed capital amount due to the failure of the reinsurer reported in <b><i>name of counterparty (reinsurer)</i></b> . The total change in the prescribed capital amount is the change in each component

	of the prescribed capital amount reported in column 8 <b><i>total impact on insurance risk charge</i></b> to column 12 <b><i>total impact on operational risk charge</i></b> after applying the aggregation benefit in accordance with <i>Prudential Standard GPS 110 Capital Adequacy</i> .
--	--

U

<u><b><i>Unassigned Reinsurer Identifier</i></b></u>	<u>The identifier for the counterparty reported in <b><i>name of counterparty (reinsurer)</i></b> not listed on the <b><i>reinsurer identifier list</i></b>. This includes individual unassigned reinsurers and Lloyd's of London syndicates.</u>
--	---

## Specific instructions

### Exposure analysis by reinsurance counterparty

GRS 460.1 must be completed by all general insurers.

General insurers must complete Table 1 if *name of counterparty (reinsurer)* is on the *reinsurer identifier list* on APRA's website.

General insurers must complete Table 2 if *name of counterparty (reinsurer)* is:

- not on the *reinsurer identifier list*; or
- a Lloyd's of London syndicate.

For Table 1 and Table 2, ~~r~~Report individual counterparties on GRS 460.1 where the failure of that counterparty results in a five percent or greater change in *capital coverage* of the general insurer ~~regulated institution~~ when compared to the *capital coverage* at the end of the *financial year*.

For the purposes of GRS 460.1, failure means that the counterparty will no longer meet their obligation to the general insurer~~regulated institution~~. This means that the general insurer ~~regulated institution~~ makes no recovery from on-balance sheet reinsurance assets and the reinsurer is not replaced on any of its previous or current reinsurance programs.

*Reporting Practice Guide GRPG 460 Reinsurance Counterparty Data Collection* provides guidance to assist general insurers ~~regulated institutions~~ in completing GRS 460.1. General insurers ~~Regulated institutions~~ are permitted to use simplifying assumptions where those assumptions do not have a material impact on the resulting *capital coverage* of the general insurer~~regulated institution~~.

### **Table 1: Exposure Analysis by Reinsurance Counterparty – Reinsurer identifier list**

~~Report individual counterparties on GRS 460.1 where the failure of that counterparty results in a five percent or greater change in *capital coverage* of the regulated institution when compared to the *capital coverage* at the end of the *financial year*.~~

~~For the purposes of GRS 460.1, failure means that the counterparty will no longer meet their obligation to the regulated institution. This means that the regulated institution makes no recovery from on-balance sheet reinsurance assets and the reinsurer is not replaced on any of its previous or current reinsurance programs.~~

~~*Reporting Practice Guide GRPG 460 Reinsurance Counterparty Data Collection* provides guidance to assist regulated institutions in completing GRS 460.1. Regulated institutions are permitted to use simplifying assumptions where those assumptions do not have a material impact on the resulting *capital coverage* of the regulated institution.~~

## Reporting basis

Report balances for column 7 *total impact on capital base* to column 13 *total impact on prescribed capital amount* as at the end of the *financial year*.

~~GRS 460.1 must be completed by all general insurers.~~

Report information for each reporting period on a Level 1 (licensed insurer) basis.

## Units of measurement

Report values in whole Australian dollars (AUD).

Convert amounts denominated in foreign currency to AUD in accordance with the relevant accounting standard.
